

# 17th ADS-John R Turtle DIABETES CLINICAL SKILLS TRAINING COURSE

for Advanced Trainees in Adult Endocrinology

The ADS John R Turtle Diabetes Clinical Skills Training Course is designed to be practical and interactive. It will be run by experienced clinical endocrinologists from across Australia and will focus on everyday clinical skills required in the treatment of diabetes by endocrinology trainees. The course is supported by the Specialist Advisory Committee (SAC) in Endocrinology from the Royal Australasian College of Physicians (RACP).
