

RESEARCH PROGRAM 2022 GRANT ROUND

APPLICATIONS NOW OPEN

Diabetes Australia is the national organisation supporting all people living with or at risk of diabetes. We work in collaboration with member organisations, consumers, health professionals, researchers, and the community.

In 2022, Diabetes Australia plans to provide vital funding for diabetes research projects across Australia, including two Millennium Awards (up to \$150,000 per award) and an unspecified number of General Grants (up to \$70,000 per grant).

Applications for the 2022 Grant Round are now open. Research projects into any aspect of diabetes management or prevention will be considered. Diabetes Australia encourages applications that focus on:

- self-monitoring & self-management education and support in diabetes
- Aboriginal and Torres Strait Islander people and diabetes
- behavioural and psychological research in diabetes.

Applications close Friday 25th June 2021

Application forms and further information are available at
www.diabetesaustralia.com.au/program-management

Thank you to our member organisations and donors including:
